‘Meet the Buyer’

Major Projects

8.30am – 12.30pm, Friday 14 February 2014
Western Grand Stand, Level 3, Adelaide Oval

An important part of the role of the Industry Advocate is to build the awareness across Government agencies about what South Australian companies have to offer. In order to achieve this, the Office of the Industry Advocate has run a number of very successful Meet the Buyer events during the past year

You are invited to attend this **Meet the Buyer - Major Projects** event, where you will have the opportunity to meet both senior government project managers and buyers as well as representatives from Tier 1 companies to present your capabilities and discuss their purchasing and contracting requirements.

The focus of this event will be on all major projects undertaken by the Government which include civil projects, IT projects, health projects etc.

It also presents government staff with the opportunity to learn about products and services they have not previously been made aware of which may be utilised effectively in South Australian Government major projects

Topics to be discussed at this Meet the Buyer include:

- Procurement experiences of Tier 1 companies in key major projects in South Australia
- The effect of the new Industry Participation Policy
- What do Tier 1 companies seek from sub-contractors and their suppliers?
- Case Studies on Major Project Experiences.
- How can businesses prepare for future Major Project opportunities in South Australia
- Alternative tendering and procurement options

**The Honourable Jay Weatherill, Premier of South Australia will
be opening this event at 9:00 am**

As these events have been very popular and are **FREE** I would encourage your early registration.
